• PROGRAMME INTRODUCTION

Unlock senior roles with a leadership *certification.*

Turn your leadership potential into real career advancement with the Advanced Certificate in Leadership (ACL6). This NQF 6 qualification doesn't just look good on paper - it builds the practical leadership skills that grow your influence, your impact and your earning potential.

The flexible online format means you keep earning while you learn, and competitive pricing with flexible payment options makes this investment in your future achievable. Join a growing community of graduates who've used this qualification to step into senior roles and lead with confidence.

Who it's for & how to qualify

Built for mid-career professionals, newly promoted team leads and high-potential employees on a leadership track. Entry requirement: an NQF 5 qualification in a related field.

• WHY CHOOSE THIS PROGRAMME

Five ways this qualification *fast-tracks* your career.

Stand out on paper

Get the NQF 6 qualification you need to stand out in job applications and back your leadership with a recognised credential.

Think like a leader

Learn to think and make decisions the way successful leaders do — across people, performance, strategy and change.

Lead with confidence

Gain the confidence to lead teams, navigate complexity and drive real, measurable results in your organisation.

Earn more, go further

Unlock better positions and the salary increases you deserve as you progress into senior leadership roles.

Apply it from day one

Start using practical leadership skills in your current role immediately — every module is built around real workplace application, not just theory.

• YOUR LEADERSHIP DEVELOPMENT PATH

Seven modules to develop your *leadership excellence*.

Each module builds on the last — from understanding the modern leadership challenge to driving organisational change and growth.

1

The Context and Leadership Problem

Lead effectively in a digital business environment.

2

The Emergent Organisation

Lead sustainable and distributed global teams.

3

Emergent Leadership

Build high-performing, adaptive teams.

4

Self and Others

Develop your authentic leadership style.

5

Leading for Financial Stability

Drive financial growth and manage risk.

6

Knowledge Literacy and Management

Turn data into a competitive advantage.

7

Leading Change and Growth

Guide successful organisational change.

● YOUR CAREER, REIMAGINED

Built for leaders ready for *their next step.*

Mid-career professionals

3-7 YEARS INTO YOUR CAREER

Ready to formalise emerging leadership capability and move beyond technical mastery into people and strategy.

Newly promoted team leads

STEPPING INTO FORMAL MANAGEMENT

Build the decision-making and people-leadership skills to lead a team well from the start, with confidence.

High-potential employees on a succession track

TALENT PIPELINES · LEADERSHIP DEVELOPMENT

For those identified for advancement who need a recognised credential and applied leadership behaviour to back their potential.

Where it leads

Team lead & middle-management roles · project and programme leadership · change & transformation positions · a clear pipeline into senior leadership development.

• WHY CHOOSE CPS

Award-winning methodology, *built for working leaders.*

For over two decades CPS has specialised in workplace-integrated learning — leadership concepts applied directly to your real role, so you build behaviour change, not just theory.

29,860⁺

Professionals have developed practical capability through CPS programmes.

25⁺
